JORASANKO THAKUR BARI

The Jorasanko Thakur Bari in Jorasanko, north of Kolkata, West Bengal, India, is the ancestral home of the Tagore family. It is currently located on the Rabindra Bharati University campus at 6/4 Dwarkanath Tagore Lane Jorasanko, Kolkata 700007. It is the house in which the poet and first non-European Nobel laureate, Rabindranath Tagore was born. It is also the place where he spent most of his childhood and died on 7 August 1941.

It was built in the 18th century on the land donated by the famous Sett family of burrabazar by Prince Dwarkanath Tagore (Rabindranath Tagore's grandfather). Gurudev Rabindranath Tagore (1861–1941) was born here.

The house has been restored to reflect the way the household looked when the Tagore family lived in it and currently serves as the Tagore museum for Kolkata. The museum offers details about the history of the Tagore family including its involvement with the Bengal Renaissance and the Brahmo Samaj.

A visit to Jorasanko Thakur Bari is always an exhilarating experience. Apart from the heritage routine, Rabindra Bharati University organizes regular cultural programmes on the poet's birthday, Panchise Baisakh, when thousands flock to Jorasanko Thakur Bari, and on other occasions, such as his death anniversary, Baishe Shraavan. It also organises a festival of arts, Aban Mela.

FOREWORD

The District Census Handbook (DCHB) is an important publication of the Census Organization since 1951. It contains both Census and non Census data of urban and rural areas for each District. The Census data provide information on demographic and socio-economic characteristics of population at the lowest administrative unit i.e. of each Village and Town and ward of the District. The Primary Census Abstract (PCA) part of this publication contains Census data including data on household amenities collected during 1st.phase of the Census i.e. House Listing and Housing Census. The non Census data presented in the DCHB is in the form of Village Directory and Town Directory contain information on various infrastructure facilities available in the village and town viz; education, medical, drinking water, communication and transport, post and telegraph, electricity, banking, and other miscellaneous facilities. Later on, the Telegraph Services were closed by the Government of India on 15th. July, 2013. The data of DCHB are of considerable importance in the context of planning and development at the grass-root level.

2. In the 1961 Census, DCHB provided a descriptive account of the District, administrative statistics, Census tables and Village and Town Directory including Primary Census Abstract. This pattern was changed in 1971 Census and the DCHB was published in three parts: Part-A related to Village and Town Directory, Part-B to Village and Town PCA and Part-C comprised analytical report, administrative statistics, District Census tables and certain analytical tables based on PCA and amenity data in respect of Villages. The 1981 Census DCHB was published in two parts: Part-A contained Village and Town Directory and Part-B the PCA of Village and Town including the SCs and STs PCA up to Tahsil/Town levels. New features along with restructuring of the formats of Village and Town Directory were added. In Village Directory, all amenities except electricity were brought together and if any amenity was not available in the referent Village, the distance in broad ranges from the nearest place having such an amenity, was given.

3. The pattern of 1981 Census was followed by and large for the DCHB of 1991 Census except the format of PCA. It was restructured. Nine-fold industrial classification of main workers was given against the four-fold industrial classification presented in the 1981 Census. In addition, sex wise population in 0-6 age group was included in the PCA for the first time with a view to enable the data users to compile more realistic literacy rate as all children below 7 years of age had been treated as illiterate at the time of 1991 Census. One of the important innovations in the 1991 Census was the Community Development Block (CD Block) level presentation of Village Directory and PCA data instead of the traditional Tahsil/Taluk/PS level presentation.

4. As regards DCHB of 2001 Census, the scope of Village Directory was improved by including some other amenities like banking, recreational and cultural facilities, newspapers & magazines and 'most important commodity' manufactured in a Village in addition to prescribed facilities of earlier Censuses. In Town Directory, the statement on Slums was modified and its coverage was enlarged by including details on all slums instead of 'notified slums'.

5. The scope and coverage of Village Directory of 2011 DCHB has been widened by including a number of new amenities in addition to those of 2001. These newly

added amenities are: Pre-Primary School, Engineering College, Medical College, Management Institute, Polytechnic, Non-formal Training Centre, Special School for Disabled, Community Health Centre, Veterinary Hospital, Mobile Health Clinic, Medical Practitioner with MBBS Degree, Medical Practitioner with no degree, Traditional Practitioner and faith Healer, Medicine Shop, Community Toilet, Rural Sanitary Mart or Sanitary Hardware Outlet in the Village, Community Bio- gas, Sub Post Office, Village Pin Code, Public Call Office, Mobile Phone Coverage, Internet Cafes/ Common Service Centre, Private Courier Facility, Auto/Modified Autos, Taxis and Vans, Tractors, Cycle-pulled Rickshaws, Carts driven by Animals, Village connected to National Highway, State Highway, Major District Road, and Other District Road, Availability of Water Bounded Macadam Roads in Village, ATM, Self-Help Group, Public Distribution System(PDS) Shop, Mandis/Regular Market, Weekly Haat, Agricultural Marketing Society, Nutritional Centers (ICDS), Anganwadi Centre, ASHA (Accredited Social Health Activist), Sports Field, Public Library, Public Reading Room, Assembly Polling station, Birth & Death Registration Office. In the Town Directory, seven Statements containing the details and the data of each Town have been presented viz.; (i)-Status and Growth History of Towns,(ii)- Physical Aspects and Location of Towns, (iii)-Civic and other Amenities, (iv)-Medical Facilities, (v)-Educational, Recreational & Cultural Facilities, (vi)- Industry & Banking, and (vii)- Civic & other amenities in Slums respectively. CD Block wise data of Village Directory and Village PCA have been presented in DCHB of 2011 Census as presented in earlier Census.

6. The data of DCHB 2011 Census have been presented in two parts, Part-A contains Village and Town Directory and Part-B contains Village and Town wise Primary Census Abstract. Both the Parts have been published in separate volumes in 2011 Census.

7. The Village and Town level amenities data have been collected, compiled and computerized under the supervision of Shri Deepak Ghosh, IAS., Director of Census Operation, West Bengal. The task of Planning, Designing and Co-ordination of this publication was carried out by Dr. Pratibha Kumari, Assistant Registrar General (SS) under the guidance & supervision of Dr. R.C.Sethi, Ex-Addl. RGI and Shri Deepak Rastogi present Addl.RGI. Shri A.P. Singh, Deputy Registrar General, (Map) provided the technical guidance in the preparation of maps. Shri A.K. Arora, Joint Director of Data Processing Division under the overall supervision of Shri M.S.Thapa, Addl. Director (EDP) provided full cooperation in preparation of record structure for digitization and validity checking of Village and Town Directory data and the programme for the generation of Village Directory and Town Directory including various analytical inset tables as well as Primary Census Abstract (PCA). The work of preparation of DCHB, 2011 Census has been monitored in the Social Studies Division. I am thankful to all of them and others who have contributed to bring out this publication in time.

PREFACE

The District Census Hand Book or DCHB is the most popular and widely used publication which is compiled and prepared by the Census Organization. The first ever DCHB was published in the year 1951. Thereafter Census Directorate is coming up with the publication of DCHB in every decadal Census and the present volume of DCHB of 2011 is seventh in the series.

Over the time, the contents of DCHB have been changing keeping in track with the requirement of the data user on different amenities. Since DCHB is a compilation of Census and non-Census data, the presentation is being done in two parts, viz. the Part-A and Part-B separately for each district. Part-A contains Village & Town Directory data with some important tables depicting availability of basic civic amenities such as drinking water facilities, educational facilities, post & telegraph facilities, banking facilities etc. at the C.D. Block/Village and Town level. Part-B on the other hand contains District Primary Census Abstract of Total Population including Scheduled Castes and Scheduled Tribes at the C.D. Block/Village level and for urban units like for Statutory Towns and Census Towns, it is ward level. Part-B contains data for sex wise distribution of population, age group of 0-6 years, literate and illiterate, Scheduled Castes and Scheduled Tribes, worker and non-worker data, economic category i.e. cultivator, agricultural labour, household industry worker and other worker.

Apart from the above, DCHB also furnishes a variety of essential information pertaining to the district like brief history, the information about administrative set-up, location, climate, economic resources, land use, transport, industry, trade and commerce, place of historical, archaeological and tourists importance etc. It also provides brief analysis of Census data, presentation of the data through various tables, graphs and maps has made the publication much more attractive and valuable.

Most sincere and deepest gratitude is expressed to Dr. C. Chandramouli, IAS, Registrar General and Census Commissioner, India for his constant inspiration, support and valuable suggestions. The support and assistance of Dr. R.C. Sethi, former Additional Registrar General and Shri Deepak Rastogi, present Additional Registrar General, worth special mentioning. Our earnest gratitude to them. We are also grateful to Dr. A.P. Singh, former Deputy Registrar General (Map) for providing the technical guidance in the preparation of maps and to Dr. Pratibha Kumari, Assistant Registrar General (SS) for her overall supervision. Shri A.K. Arora, Joint Director of Data Processing Division under the overall supervision of Shri M.S. Thapa, Additional Director

(EDP) provided full co-operation in preparation of record structure for digitization and validity checking of Village and Town Directory data and the programme for the generation of Village Directory and Town Directory including various analytical inset tables as well as Primary Census Abstract (PCA). Heartfelt thanks to all the Officers of the Office of the Registrar General, India who contributed their share in befitting manner.

The sincere contributions made by the District Magistrates of all districts, Municipal Commissioners of Kolkata and Haora Municipal Corporations, District Census Officers, Additional District Census Officers (Officer In-charge, Census) and innumerable Village, C.D. Block and Town level officials of all the districts of West Bengal for arranging collection of village and town directory data by the local officials from the villages/towns under their respective jurisdiction are hereby acknowledged with thankfulness.

At this Directorate level, sincere thanks are due to all those who put utmost sincerity and zeal towards the successful completion of this publication within the stipulated time. HISTORY AND SCOPE OF THE DISTRICT CENSUS HANDBOOK

The need of data at the grass root level for the administrative and planning purposes at sub micro level as well as academic studies prompted the innovation of District Census Handbook. District Census Handbook is a unique publication from the Census organization which provides most authentic details of census and non-census information from village and town level to district level. The District Census Handbook was firstly introduced during the 1951 Census. It contains both census and non census data of urban as well as rural areas for each district. The census data contain several demographic and socio-economic characteristics of the lowest administrative unit i.e. of each village and town and ward of the district. The non census data comprise of data on availability of various civic amenities and infrastructural facilities etc. at the town and village level which constitute Village Directory and Town Directory part of the DCHB. The data of DCHB are of considerable importance in the context of planning and development at grass-root level.

In 1961 census DCHB provided a descriptive account of the district, administrative statistics, census tables and village and town directory including Primary Census Abstract. This pattern was changed in 1971 Census and the DCHB was published in three parts: Part-A related to village and town directory, Part-B to village and town PCA and Part-C comprised analytical report, administrative statistics, district census tables and certain analytical tables based on PCA and amenity data in respect of villages. The 1981 census DCHB was published in two parts: Part-A contained village and town directory and Part-B the PCA of village and town including the SCs and STs PCA up to tahsil/town levels. New features along with restructuring of the formats of village and town directory were added into it. In Village Directory, all amenities except electricity were brought together and if any amenity was not available in the referent village, the distance in broad ranges from the nearest place having such an amenity, was given.

The pattern of 1981 census was followed by and large for the DCHB of 1991 Census except the format of PCA. It was restructured. Nine-fold industrial classification of main workers was given against the four-fold industrial classification presented in the 1981 census. Both the Parts have been published in separate volumes in 2011 Census.

Brief History of the District

The Naming :Before we go 'down the memory lane' let us have a glimpse about the naming of the city. Without knowing about the history of naming, a large portion about the history of the city may remain in dark though there is no clear indication or source from which we can get a distinct document about the naming of the city.

It is presumed that the word Kolkata derives from the Bengali term Kôlikata ['kəlīkət̪a], the name of one of three villages that were in existence before the arrival of the British, in the area where the city eventually was to be established; the other two villages were Sutanuti and Govindapur.

There are several explanations about the etymology of this name. The term Kolikata is thought to be a variation of Kalikkhetrô ('kalikʰ:et̪r̪o) meaning "Field of the Goddess Kali". Alternatively, it is presumed that the name may have been derived from the Bengali term *kilkila* or "flat area". There is another opinion that the name may have its origin from the words *khal* ('kʰal) meaning "canal", followed by *kaṛā* ('kata) which may mean "dug" therefore meaning digging of canal. According to another theory, the area specialised in the production of quicklime or *kolichun* ('kəlit̪ɕun) and coir or *kata* ('kət̪a) hence, it was called Kolikata ('kəlīkət̪a).

While the city's name has always been pronounced Kolkata ('kolkət̪a) or Kôlikata ('kəlīkət̪a) in Bengali, Calcutta remained the official name until 2001. Afterwards it was changed to "Kolkata" in order to match Bengali pronunciation.

Whatever the reason may be, let us stick to the point that the city's nomenclature contains three names – 'Calcutta' (kæl'kʌt̪ə) in English pronunciation, 'Kalikata' in the standard Bengali and colloquially 'Kolkata'. And let us note that chronologically it is the sixth capital or urban centre of the province of Bengal. The five others were Gour, Rajmahal, Dhaka, Nadia and Murshidabad (the seat of the last *Nawabs* of Bengal).

The History :The Capital of West Bengal is Kolkata which is the only cent percent urban district of West Bengal. Located on the east bank of the Hooghly river, it is the principal commercial, cultural and educational centre of East India, while the Port of Kolkata is India's oldest operating port as well as its sole major riverine port. Aged more than 300 years, Kolkata was the Capital of British India till 1911 until it was shifted to Delhi.

The place 'Kolkata' first finds mention in the Ain-E-Akbari, an encyclopaedic work compiled by Abdul Fazal, Prime Minister of Emperor Akbar. It was a *Khas Mahal*

or imperial jagir. The *zamindari* rights of Kolkata and the adjoining lands from Barishato Halisahar were conferred upon the Sabarno Roy Chowdhuri family of Barisha by Mughal Emperor Janhangir.

Next, Job Charnock, a Junior Member of the Council of Kashimbazar, landed probably near today's Mohantuni's *Ghat* (bank), between Beniatola and Shobhabazarghats on Sunday 24th August 1690. This date is observed as the birthday of Kolkata though there are distinct proofs of human settlements before that date as referred earlier. Three villages viz. Sutanuti, DihiKalikata and Gobindapur exist. Sutanuti was bounded by the Hooghlyriver on the west, the Chitpur creek on the north and the rough line of the present Central Avenue and Lalbazar to the east and south respectively. Gobindapur was situated further south, is now occupied by Fort William and the Maidan. Between Sutanuti and Gobindapur was the lesser settlement of Kalikata. Sutanuti was the centre of a flourishing textile trade and was under the control of Sheths and Basaks. After the decline of Satgaon as a port, four families of Basak's and one of Sheth's came further downstream in search of a convenient site for continuation of their trade. They cleared the forest and settled. The village of Gobindapur on the east bank of Hooghlyriver has been named so after the Sheth's deity Gobindaji. Northward they further proceeded to set up cotton and yarn market named Sutanuti Hat. Besides meeting the demand of the weavers of nearby Chitpur village they did good business with the foreign merchants in the shipping season (September to March). Afterwards the city of Kolkata came into existence by amalgamating Sutanuti, DihiKalikata and Gobindapur; another four settlements were considered part of the original constituents of the city – Chitpur and Kalighat on the east of river Ganga and Salkia and Betore on the west of river Ganga. To the north lay another satellite village which was also a textile centre famous for its *rumals* or handkerchiefs (from Bafta cloth); first a Portuguese settlement then a Dutch, it is Baranagar.

Historians also have found few more families in existence before the arrival of Job Charnock. They are the Basus of Darmahata, Malliks of Pathuriaghata and Jorasanko, Ghoshes and Mitras of Kumartuli, Ghoshes of Chitpur, Dattas of Hatkhola and Thakurs of Pathuriaghata. Apart from these upper caste people, fishermen belonging to the Nikaris, Jalias and Pundrakshatriyas used to anchor their boats in the creeks adjoining these three villages. The ancestors of the Mondals of Kotulpur near Baruipur were also among the early settlers of Kolkata. It is evident from the ancient Indian history that these villages i.e. Sutanuti, *DihiKalikata* and Gobindapur were part of a *Khas Mahal* or imperial estate belonging to the Mughal Emperor (ref.

Ain-E-Akbari by Abdul Fazal as mentioned earlier). The holding rights were held by the Sabarno Roy Choudhuri family of Barisha-Behala in the southern suburbs of modern Kolkata. The Sabarno Roy Choudhuris hailed from Halisahar was known as Majumdar in the Mogul court and while their old generation stick to their birth place, the new generation moved to Barisha and settled there. Their rise as *zamindar* was linked with the fall of Pratapaditya, the most powerful *Bhuinya* of Bengal. It may be mentioned here that Pratapaditya's uncle Basanta Roy is credited with the establishment of the Kali temple at Kalighat. One Lakshmikanta (Ganguli) came to have contacts with Basanta Roy in connection with the construction of Kali temple at Kalighat and eventually entered in the service of Pratapaditya.

English people came to India primarily for trading purpose but gradually 'the face of traders' transformed to 'the face of rulers'. This transmission came slowly but steadily between 1698 and 1757. During this period the Mughal rule were declining and the opportunity were taken at its full by the foreign traders who came from Portugal, France, England and few other countries. The English people got trading right of Bengal against a payment of Rs. 3,000/- per annum as a return gift from the then Mughal Emperor Farrukhsiyar who was cured of a painful disease by the English doctor of East India Company. They were allowed to build a fort also which is known in history as the old Fort William. It was a small triangular shape fort on the site where present General Post Office, Customs House and Eastern Railway Headquarters stand. Later *Subedar* Murshid Quli Jafar Khan of Bengal refused to allow any extra benefits to the English beyond their right to trade and thus the conflict began. In 1740 Alivardi Khan became the *Nawab* of Bengal with its capital in Murshidabad. He was very much disturbed with the Maratha trouble. Building of strong fortifications by the English and the French was also not to his liking. He even questioned the need : "You are merchants, what need have you of a fortress? Being under my protection, you have no enemies to fear." His grandson and successor Siraj-ud-doula felt it even more. However, he rightly felt that if he allowed the English to build strong fortifications within his dominion his de-facto sovereign of the *Subah* of Bengal would crumble. Therefore when the English built additional fort (as a measure against the possible attack by the French which was then frequent in India, Africa as well as Europe) for which they sought no permission of *Nawab*, the enraged *Nawab* ordered for immediate demolitions. Added to his fury was the English act of giving protection to the dissidents. Enraged Siraj took over the English factory in Cossimbazar in the month of June, 1756. After twelve days (16-06-1756) he reached Kolkata and on 20 June, 1756 he captured the Fort William from the English. The siege of Kolkata is famous in

history for the so called Black Hole episode. This was the time when the name of the city was changed to Alinagar and it was left to the charge of Siraj's lieutenant Manikchand. The English took refuge in Falta along the downstream of the river Hooghly but didn't sit idle. Later that year Robert Clive and Col. Watson arrived from Madras (present Chennai) with force. On 2nd January, 1757 they recaptured Kolkata and following this they plundered Hooghly. In March, 1757 Clive and Watson captured the French territory of Chandannagar despite the protests from the *Nawab* of Bengal. The situation gradually led to the tragic end at the battle of Plassey (Palasi), a place 150 kms. to the north of Kolkata. It was a saga of bribery, treachery and manipulation of a bunch of opportunists around Siraj-ud-daula by the English. An one day battle (23rd June, 1757) was fought and the *Nawab* of Bengal lost to the English. Siraj was assassinated and Mir Jafar became *Subedar* of Bengal who became a puppet in the hands of Robert Clive and gave a large sum of money and *zamindari* of Twenty Four Parganas surrounding the city of Kolkata to the company as rewards to Clive. The *zamindari* of the Twenty Four Parganas district was presented to Clive in 1759 as his personal *jagir*. It became the *zamindari* of the Company in effect only after Clive's death in 1774. A small part of the district was amalgamated with Kolkata.

During the year 1758, the English purchased fifty five villages from *Nawab* MirJafar, after the fall of *Nawab* Siraj-ud-doula. These fifty five villages were en-bloc as 'Dihipanchannagram'. The names of these villages are as follows :

- (a) *Dih*Sinthee : (1) Sinthee (2) Cossipur (3) Paikpara
- (b) *Dih*Chitpore : (4) Chitpore (5) Tallah (6) Beerpara (7) Kalidaha

In 1765 as per the 'Treaty of Allahabad' following the battle of Buxar, East India Company was appointed imperial tax collector of the Mughal emperor in the province of Bengal, Bihar and Orissa, while Mughal-appointed *Nawabs* continued to rule the province. Declared a presidency city, Calcutta became the headquarters of the East India Company by 1772. In 1793, ruling power of the *Nawabs* was abolished and East India Company took complete control of the city and the province. Richard Wellesley, Governor-General of India between 1797 and 1805, was largely responsible for the development of the city and its public architecture. Throughout the late 18th and early 19th century, the city was a centre of the East India Company's opium trade. In the early 19th century, the marshes surrounding the city were drained; the government area was laid out along the banks of the Hooghly River.

By the 1850s, Calcutta was divided into two distinct areas: White Town, which was primarily British and centered around Chowringhee; and Black Town, mainly Indian and centered around North Calcutta. In the field of textile and jute, the city underwent rapid industrial growth starting in the early 1850s. For purely trading purpose the British started to concentrate in building up adequate infrastructure which included telegraph connections and Howrah railway station. Local people were engaged for smooth functioning of the British machineries and a new class emerged, those who are referred as the *babus*. They usually belonged to upper-caste Hindu

communities. In the 19th century, the Bengal witnessed an increase in its socio-economic-cultural field which is referred as the Renaissance of Bengal. In 1883, Calcutta was host to the first national conference of the Indian National Association, the first avowed nationalist organisation in India headed by *Rashtraguru* Surendranath Banerjee. Gradually, Calcutta became a centre for revolutionary organisations associated with the Indian independence movement.

In 1905 Calcutta protested the partition of Bengal and boycotted all the British Goods. The partition of Bengal along communal lines resulted in widespread public agitation and a boycott of British goods by the *Swadeshi* movement. These activities, along with the administratively disadvantageous location of Calcutta on the eastern fringes of India, prompted the British to move the capital to New Delhi in 1911.

Gradually Calcutta became an important hub for Indian Independence Movement, especially for the revolutionary parties. During the World War II, the city and its port were bombed several times by the Japanese between 1942 and 1944. Coinciding with the war, millions starved to death during the Bengal famine of 1943 due to a combination of military, administrative and natural factors. Demands for the creation of a Muslim state led in 1946 to an episode of communal violence that killed over 4,000 people. The partition of India led to further clashes and a demographic shift – many Muslims left for East Pakistan (present Bangladesh) while hundreds of thousands of Hindus fled into the city.

A divided India was declared 'Independent' on 15th August 1947. The British handed over the power to the main political party, Indian National Congress. Shri PrafullaChandra Ghosh took oath as the first Chief Minister of West Bengal. Kolkata was declared as the Capital of the State whose main administrative building was and still is the Writers' Buildings.

Before we proceed further, a few words about the post of Governor and Chief Minister of West Bengal will not be out of place to mention. The Governor of West Bengal is the constitutional head of the West Bengal Government. When India and Pakistan attained independence on 15 August 1947, the British province of Bengal was partitioned into two, with West Bengal becoming part of India and East Bengal part of Pakistan. Supported by Jawaharlal Nehru, ChakravartiRajagopalachari was appointed first Governor of West Bengal. C. Rajagopalachari, informally called 'Rajaji' or 'C.R.', was an Indian lawyer, independence activist, politician, writer and statesman. He was the last Governor-General of India too. He also served as leader of the Indian National Congress, Premier of the Madras Presidency, Minister for Home Affairs of the Indian Union and Chief Minister of Madras state. Rajagopalachari

founded the Swatantra Party and was one of the first recipients of India's highest civilian award, the "Bharat Ratna". On the other hand, The Chief Minister of West Bengal is the Chief Executive of the state. Between 1937 and 1947, West Bengal was intermittently governed by a popularly elected ministry, whose head is often designated the Premier of Bengal. All three erstwhile Bengal premiers – A.K. FazlulHuq, Khawaja Nazimuddin and H.S. Suhrawardy – became Pakistani citizens; the latter two went on to become Prime Ministers of Pakistan in the 1950s.

During the 1960s and 1970s, severe power shortages, strikes and a violent Marxist-Maoist movement by groups, known as the Naxalites, damaged much of the city's infrastructure resulting in economic stagnation. The Bangladesh Liberation War of 1971 led to a massive influx of thousands of refugees, many of them penny less, that strained Kolkata's infrastructure. During the mid-1980s, Mumbai (erstwhile Bombay) overtook Kolkata as India's most populous city. During the period 1977-2011, West Bengal was governed from Kolkata by the Left Front, which was dominated by the Communist Party of India, Marxist[CPI (M)]. It was the world's longest-serving democratically elected communist government. The city's economic recovery gathered momentum after the 1990s, when India began to institute pro-market reforms. Since 2000, the Information Technology (IT) services sector has revitalised Kolkata's stagnant economy though due to scarcity of space, the IT hub were constructed and is still in function in the neighbouring district of North Twenty Four Parganas. The city is also experiencing marked growth in its manufacturing base.

Kolkata, as a district itself, is governed by Kolkata Municipal Corporation (KMC) (erstwhile The Calcutta Municipal Corporation or CMC. KMC is responsible for the civic infrastructure and administration of the city of Kolkata. This civic administrative body administers an area of 185 km².

Bengali renaissance :

Bengal, particularly the capital Calcutta, was not only a political city. Through the various socio-economic changes, here the way of thinking of the people also changed rapidly than people living in other part of the country. By the advent of British Raj, european education and culture also helped people to boost their thinking ability. It led to a transfer in people's mind which ultimately led to social reforms. The Bengal Renaissance took place which show the way to a socio-cultural and religious reform movement during the nineteenth and early twentieth century in undivided India's Bengal province whose impact spread all over India. It is said that the Bengal Renaissance began with *Raja* Ram Mohan Roy (1775–1833) and continued until the death of Rabindranath Tagore in 1941. The Renaissance was a revival of the positives

of India's past and appreciation of the impact of the Modern West, as it had emerged since the fifteenth century European Renaissance. Thus, the Bengal Renaissance blended together the teachings of the *Upanishad* in order to create public opinion against Hindu superstitions including *sati*, infanticide, polygamy, child marriage, caste-division, inter-caste hatred, dowry, untouchability etc. and the efforts of the Christian Missionaries and the British Colonial Government who introduced Western education, politics and law to administer all those who indulged in superstitions and caste-based Hindu medievalism.

During this period, Bengal witnessed an intellectual awakening questioning the prevalent orthodoxies concerning the social status of women, marriage, the caste system, superstitious beliefs and religion. One of the earliest social movements that emerged during this time was the Young Bengal Movement, which espoused rationalism and atheism as the common denominators of civil conduct among upper caste educated Hindus.

BrahmoSamaj developed the parallel socio-religious movement during this time and counted many of the leaders of the Bengal Renaissance among its followers. In the earlier years the BrahmoSamaj, like the rest of society, could not however, conceptualize, in that feudal-colonial era, a free India as it was influenced by the European Enlightenment although it traced its intellectual roots to the Upanishads. It has been argued by some scholars that the BrahmoSamaj movement, in spite of its universality, never gained the support of the masses and remained restricted to the elite, although Hindu society has accepted most of the social reform programmes of the BrahmoSamaj. It must also be acknowledged that many of the later Brahmos were also among the leaders of the freedom movement.

The renaissance period after the Indian Rebellion of 1857 saw a magnificent outburst of Bengali literature. While *Raja* Ram Mohan Roy and *Pandit* Swar Chandra Vidyasagar were the pioneers, others like *Sahitya Samrat* Bankim Chandra Chatterjee widened it and built upon it. The first significant nationalist detour to the Bengal Renaissance was given by the brilliant writings of Bankim Chandra Chatterjee. Later writers of the period who introduced broad discussion of social problems and more colloquial forms of Bengali into mainstream literature included the *Amar Katha* *Silp* Sarat Chandra Chatterjee.

The Tagore family led the educational reform of Bengal. Their contribution to the Bengal Renaissance was multi-faceted. Indeed, Rabindranath Tagore's 1901 Bengali novel 'Nastanirh' was written as a critique of men who professed to follow the ideals of the Renaissance. In many ways Rabindranath Tagore's writings (especially

poems and songs) can be seen as imbued with the spirit of the *Upanishads*. His works repeatedly allude to *Upanishadic* ideas regarding soul, liberation, transmigration and about a spirit that fills all creation not unlike the *Upanishadic* 'Brahman'. Tagore's English translation of a set of poems titled the 'Gitanjali' won him the Nobel Prize for Literature in 1913. He was the first Asian to win this award. That was the only example at the time but the contribution of the Tagore family was enormous.

The Italian Renaissance was a 'rebirth' of the Graeco-Roman learning, sculpture and painting in the fifteenth and sixteenth centuries, though it was preceded by the ninth century and the twelfth century Renaissance. The Italian Renaissance also marked the beginning of the new in the field of political thought and science; and thus it blended together the Pagan old and the new of emerging Europe. In the same way the Bengal Renaissance as well retained the positives of the past and welcomed the new in the domain of science and politics. The role played by Bengal in the modern awakening of India is comparable to the position occupied by Italy in the European renaissance. Very much like the Italian Renaissance, it was not a mass movement; but instead restricted to the upper classes.

The Bengal Renaissance saw the emergence of pioneering Bengali scientists such as *Acharya Jagadish Chandra Bose*, *Acharya Satyendra Nath Bose*, *Upendranath Brahmachari* and *Meghnad Saha*.

According to historian *Romesh Chunder Dutt* "The conquest of Bengal by the English was not only a political revolution, but ushered in a greater revolution in thoughts and ideas, in religion and society... From the stories of gods and goddesses, kings and queens, princes and princesses, we have learnt to descend to the humble walks of life, to sympathise with the common citizen or even common peasant ... Every revolution is attended with vigour, and the present one is no exception to the rule. Nowhere in the annals of Bengali literature are so many and so bright names found crowded together in the limited space of one century as those of *Ram Mohan Roy*, *Akshay Kumar Datta*, *Ishwar Chandra Vidyasagar*, *Michael Madhusudan Dutt*, *Sharat Chandra Chatterji*, *Bankim Chandra Chatterjee* and *Dina Bandhu Mitra*. Within the three quarters of the present century, prose, blank verse, historical fiction and drama have been introduced for the first time in the Bengali literature...".

Administrative set up :

(i) Region of the state where the district is located : Kolkata is situated in the eastern part of river Hooghly (main tributary of River Ganga, the national river of India) and is within the great Ganga-Padma delta. Kolkata district lies between 22°37' and 22°30' North latitude and 88°23' and 88°18' East longitude. On the north the district has North Twenty Four Parganas district, south is surrounded by South Twenty Four Parganas district. In the west the district has natural barrier in the form of Hooghlyriver and Haora district also and in the East the district is bounded by North Twenty Four Parganas district.

(ii) Total number of Towns/Villages etc. :Kolkata is the only district in the State which is entirely urbanized.Joka is the only outgrowth of the district.

(iii) Urban Local Bodies :India has seen the formation of urban local bodies since the time of Indus Valley Civilization. The first Municipal Corporation was set up at erstwhile Madras (now Chennai) under a charter granted by James-II during the British rule in 1687. There are different types of urban local bodies, namely, Municipal Corporations, Municipal Councils, Municipalities, Notified Area Committees, Cantonment Boards etc. Except the Cantonment Boards all other types of municipal bodies are governed by the state municipal laws. Cantonment Boards are controlled by the Central Act called Cantonment Acts, 1924. A municipality is constituted with elected members of the inhabitants of a city or town and municipal corporations, and is created by the enactment of State Legislatures or of Parliament in case of Union Territories. The area which does not fulfil all the conditions lay down as necessary for the constitution of a municipality or it may also be created for newly developing towns or areas are known as Notified Area Committee. Except Notified Area, the councils of all these corporate bodies comprise of elected members of the public through adult franchise (citizen of 18 years and above) based on secret ballot. The notified area is governed by the state governments through a body nominated by it. Apart from overall planning, creation and maintenance of Civil Administration, the primary object of every urban local body is to provide certain civic amenities to the people.

If we concentrate on urban local body of Kolkata we have to go back to history once again. Though it is said that Job Charnock established the City of Calcutta, people used to stay before that also. But, Calcutta as a city was highly under developed. Gradually, people flourished here with the advancement of trade.What is called the Kolkata Municipal Corporation today was germinated with the establishment of a Mayor's Court in 1727 by a Royal Charter which, besides judicial

functions undertook some civic work. With the grant of *Diwani* of Bengal in 1765 to the Company, it also became a moral obligation to the Company to provide civic services. As Kolkata got the status of Capital of British India in 1773, the demand for municipal services grew gradually. Consequently attempt to develop conservancy system began and a tiny police force came into being. To govern the city, a Collector was appointed. In 1794, the power of the municipal administration of the Controller was shifted to the 'Justices of Peace' which comprised of the Governor General himself and the members of his Council and the Judges of the Supreme Court. Taxes on houses and license fees upon liquor sale were imposed to meet municipal expenses. The whole credit for the improvement of the city in the next century belonged to the Lottery Committee which was set up in the year 1804 by the Governor General Lord Wellesley. The amount collected through tax was used in building up infrastructure for the city by creation of new roads and improvement of old roads, digging tanks and built a Town Hall. This is the Committee which over a period of thirty years up to 1836 gave Kolkata the first taste of town planning and improvement as per European norm.

With the increasing growth of the city, the need for a municipal corporation for Kolkata was felt from the middle of the 19th Century. In 1847 the electoral system was introduced for the first time and the Justices were replaced by a Board of 7 paid members, 4 of whom were elected by the tax payers. A change was introduced in 1852 when a new board was formed with 4 members of whom 2 were to be nominated by the government. It was again reduced to 3 members in 1856. In 1863 a body composed of all Justices of the provinces but residents of Kolkata, elected its own Vice-Chairman. The system of engaging a regular Health Officer, Engineer, Surveyor, Tax Collector and Assessor was introduced this time. A water tax was imposed and house tax increased to 10 per cent. In 1866 the Municipal Slaughter House was established and the New Market took shape in 1874. Footpaths also came into being during this period, though mainly along the main roads.

In 1876, when the new corporation was set up with 72 Commissioners, a Chairman and a Vice-Chairman, the electoral system got a new dimension. The drainage and water supply were largely developed, the Harrison Road (present Mahatma Gandhi Road) was constructed linking the two terminals of Sealdah and Howrah railway stations during this period. The number of Commissioners was increased to 75 in 1888 of whom 50 were elected, 15 were government appointed and 10 nominated by Chambers of Commerce, Port Trust and Traders' Associations.

It was *Rashtraguru* Surendranath Banerjee, the first minister for Local Self Government in Bengal, who brought the most significant change in 1923 in the power-

structure of the Corporation. The constitution, now liberalised by his sincere effort, paved the way for more freedom for Corporation on democratic lines. The government control lessened and the Corporation began to have a Mayor, elected to preside over the deliberations of the Corporation, with a Deputy Mayor, five Aldermen and ninety Councillors. This was the time when a large area comprising Maniktala, Cossipur, Chitpur and Garden Reach as well as the New Dock Extension area was added to form "Greater Calcutta". Women were enfranchised for the first time. *Deshbandhu* Chittaranjan Das was the first elected Mayor and *Netaji* Subhas Chandra Bose his Chief Executive Officer. The city was ruled under the Act till March 1948 when the State Government superseded the Corporation.

In March 1948, after India got freedom, the State Government took over the administration of the Kolkata Municipal Corporation. An Administrator, as the highest authority, was appointed and this state of control continued until 1952. In the meantime the Calcutta Municipal Act was framed which became operative in 1951. This Act reduced the number of Councillors from 95 to 76 who were to be returned from the general territorial constituencies. The special territorial and non-territorial organs stood abolished. The Chairman of the Calcutta Improvement Trust (CIT) was made an ex-officio member and the city was divided into 75 wards. The Act also provided three distinct and independent authorities viz. (1) the Corporation (2) the seven Standing Committees : Education, Accounts, Taxation, Finance, Health, Town Planning and Improvement Works and Buildings, and (3) the Commissioner. Another feature of the Act was the creation of Borough Committees.

Amendments to this Act were made thrice, in 1953, 1964 and 1978. In the last amendment the age of a voter was reduced from 21 to 18. The Corporation was superseded by order of the Governor in 1972 with immediate effect for a period of one year and this period of super session was extended from time to time till the formation of the new Corporation on 30 July 1985 by the Act 1980. This Act again extended the boundaries of Kolkata by including the Municipalities of South Suburban, Garden Reach (second time inclusion) and Jadavpur within Kolkata. The number of wards of the Corporation was also raised from 100 to 141 this time. The provisions relating to *bustees* (slums) were modified during this time. A major amendment was introduced in 1984 when more transparency in the matters of assessment and valuation of lands and buildings, recovery of taxes etc. came into effect. Most significant step was the introduction of "Mayor-in-Council" in the shadow of the cabinet form of government. This was a unique step in the field of the municipal administration in India. From this time on, the municipal authority consisted of three branches : (1) the Corporation (2)

the Mayor-in-Council, and (3) the elected Councillors from the wards. Now the Corporation discharges its duties through the Mayor-in-Council consisting of the Mayor, Deputy Mayor and ten other elected members of the Kolkata Municipal Corporation (KMC). The Mayor is to be elected by the members and he holds office for 5 years. The 141 wards of the Corporation are grouped under the Boroughs (15 nos. in total). Each Borough has a Committee consisting of the Councillors elected from the respective wards of the Borough. The Borough Committees are the subject to the general supervision of the Mayor-in-Council and they look after the functions such as water supply, drainage, collection and removal of solid waste, disinfection and health immunization, *bustee* services, lighting, repairs of certain categories of roads, maintenance of parks, drains and *gullies* (small streets) etc. There is a Municipal Commissioner who is the Principal Executive Officer and is a cadre of Indian Administrative Service (IAS). The Commissioner in turn is under the control and supervision of the Mayor who is the Chief Executive Officer (CEO) of the Corporation. CEO is also assisted by a group of senior civil officers comprising Joint Municipal Commissioners, Deputy Municipal Commissioners, Chief Engineers, Controller of Municipal Finance and Accounts, Chief Health Officer, Chief Municipal Auditor and Municipal Secretary. The 74th Constitutional Amendment of 1992 has widened the scope of representation of all sections of the society by reserving seats for the Scheduled Castes and Scheduled Tribes and for Women. By the same amendment the state legislature has endowed the KMC with the power to draw up plans for economic development and improvement, up-gradation and promotion of the social, cultural, educational and aesthetic aspects of life of the residents of the city.

The city also has an apolitical titular post, that of the Sheriff of Kolkata who is appointed for one year and generally she/he is a prominent citizen of Kolkata. Mumbai and Kolkata (Calcutta) are the only cities in India to maintain this post. The Sheriff has a separate office in Calcutta High Court and staff but does not have executive powers. The Sheriff presides over various city-related functions and conferences. In the order of protocol the Sheriff ranks just below the Mayor. The Sheriff presides over various city-related functions and conferences and is in charge of receiving foreign guests of the Government. *RajaDigambarMitra* (1817-1879) was one of the leading Derozians and first Bengali Sheriff of Kolkata. *SuchitraMitra* (19 September 1924 - 3 January 2011) was the first woman Sheriff of Kolkata in 2001. She was an Indian singer, composer, exponent of RabindraSangeet or the songs of Bengal's poet Nobel laureate Rabindranath Tagore. As an academic, she remained a professor and the Head of RabindraSangeet Department at the RabindraBharati University for many

years. Mitra was a playback singer, acted in Bengali films as well, and was many years associated with IPTA.

Famous people like George Yule, David Hare, Mahendralal Sarkar, *Deshbandhu* Chittaranjan Das, *Netaji* Subhas Chandra Bose, Jatindra Mohan Sengupta held the post in the past. In present times, eminent personalities like footballer Chuni Goswami and writer Sunil Gangopadhyay held the post.

Civil Administration :

As Kolkata is the Capital of the State of West Bengal and also among the six Metropolitan cities of India, the Civil Administration of Kolkata certainly is different from the other cities of the State. Kolkata has got its own police force headed by the Commissioner of Police. He is responsible for the law and order situation of Kolkata. To get smooth functioning of the police force, 48+9 (9 Police Stations in K.M.C. area are under the control of Superintendent of Police, South Twenty Four Parganas district) police stations are established at different localities headed by an officer not below the rank of an Inspector. The present police headquarters at Lalbazar was erected in 1919. It was the place where once stood the residence of John Palmer, a popular and charitable merchant. The efficiency of Kolkata Police is world famous and it was referred as 'the second Scotland Yard' during the British regime.

Kolkata Metropolitan Development Authority (KMDA) :

Without having a few words about Kolkata Metropolitan Development Authority (KMDA), erstwhile Calcutta Metropolitan Development Authority (CMDA), the discussion about urban local body will remain incomplete. Due to constant scarcity of funds, KMC always faces difficulty to meet the demand for civic service and civic development of Kolkata. To overcome this shortcomings, few civic bodies other than KMC were formed i.e. Calcutta Improvement Trust (now Kolkata Improvement Trust or KIT), Calcutta Metropolitan Planning Organisation (CMPO; now abolished) and Calcutta Metropolitan Water and Sanitation Authority (now Kolkata Metropolitan Water and Sanitation Authority or KMWSA). These are, in a way or the other, the functional organisations of KMC which is the central civic authority. Of these organisations, it may be noted that, only KIT's jurisdiction is confined to the inner or proper Kolkata, whose planned development is its concern and other two organisations, that is, CMPO and KMWSA are metropolitan in nature, which imply that their jurisdiction is greater than that of KIT. However, after the great umbrella organisation KMDA (erstwhile CMDA) was proposed in 1970 and was set up the next year, KIT was formally brought under it in 1989, CMPO stood abolished and its

functions were assumed by the KMDA and KMWSA was brought under KMDA in 1974. Since then KMDA became the supreme authority for survey, planning and development work throughout the Kolkata Metropolitan Area (KMA), the inner or proper Kolkata was included. Its original and crucial purpose is to execute development projects involving capital outlay and once completed, to hand over them to the KMC or other urban local bodies for running and maintenance. (District Census Hand Book, Kolkata, 2001)

Kolkata Police Force :

Again, to know the police force of Kolkata, a few words about its history should not be out of place to mention. The Kolkata Police Force is one of the six police forces of the state and is entirely dedicated for the safety of the city of Kolkata under the Calcutta Police Act, 1866 and the Calcutta Suburban Police Act, 1866. Apart from maintaining law and order of the city, traffic management, prevention and detection of crime, the force also uses various modern technologies for effective handling of unconventional crimes, terrorism and related activities within its territorial jurisdiction of 243 sq. km (approx).

A mention of existence of police is found in ancient Mughal history when technically Bengal a part of the Mughal Empire though the *Nawab's* of Murshidabad were its effective rulers. The city's law and order was entrusted to a *kotwal* who along with 45 peons under him armed with traditional weapons like staves and spears patrolled the town.

After Job Charnok's arrival in Kolkata and East India Company getting the business rights and gaining power, the Company formally appointed an English officer to be in charge of civil and criminal administration in the year 1720. He was assisted by an Indian functionary commonly known as black deputy or black *zamindar* under whom there were three *naib-dewans*. One of the *naib-dewan* was in charge of police. Police station or *thanas* were formed with *thanadars* as its in-charge and *naiks* and *paiks* under his control. In 1794, 'Justices of Peace' were appointed for the municipal administration of Calcutta and its suburbs, under a Chief Magistrate who was directly in charge of the Police. In 1806 Justices of Peace were constituted as magistrates of Twenty Four Parganas and parts of the adjacent districts within a 20mile radius of the town.

Systematization and institutionalization of the police force started in the middle decades of the 19th century. William Coats Blacquiere, a City Magistrate inaugurated the network of spies or *goendas*. In 1845, Kolkata police started to adapt the model of

London Metropolitan Police as recommended by J.H. Patton and his committee. In 1856 the Governor-General promulgated an Act treating Calcutta Police as a separate organization and S. Wauchope, who was then the Chief Magistrate of Calcutta, was appointed as the first Commissioner of Police. In 1857, India witnessed first upsurge against the British rule which in history is referred as the *Sepoy* Mutiny, often said to be the first war for freedom. This led the British Government to obtain the ruling of India from the hands of the East India Company and India thereafter was directly governed by the Queen of England. To strengthen the police force in order to prevent any further uprising against the British rule, Calcutta Police Act and the Calcutta Suburban Police Act were enacted in 1866 by V.H. Schalch.

Sir Stuart Hogg set up the Detective Department of Calcutta Police in 1868 with A. Younan as the Superintendent and R. Lamb as the first-class Inspector. Hogg himself was both the Commissioner of Police and the Chairman of the Calcutta Municipal Corporation. In 1906 several changes took place under the then Commissioner of Police Sir Fredrick Halliday including setting up of a Control Room and Special Branch of Police in 1909. Sir Fredrick is often referred as the 'Father of Modern Calcutta Police'.

Name of few Bengali Police officers in British Raj is worth mentioning. They are Ramgati Banerjee, SukumarSengupta and Zakir Hussain. During the Salt March movement in 1930, the Calcutta Police was headed by Charles Tegart as Police Commissioner, Ramgati Banerjee as DC (South) and SukumarSengupta as DC (North). Later, Banerjee left his position and took up teaching as profession and Hussain left job to become the First Governor-General of East Pakistan. SukumarSengupta continued in the job to become the first Bengali Inspector General of Police, West Bengal soon after India's independence.

After India gained Independence from British rule in 1947, Calcutta Police was re-organised as an essential element of the Indian law enforcement agencies. SurendraNath Chatterjee was the first Indian Commissioner of Police. The Commissioner is the Chief of the Kolkata Police. The Commissioner is appointed by the Government of West Bengal and reports independently to the Home Secretary of the State. The headquarters are at 18, Lalbazar Street, near B.B.D. Bagh area in Central Kolkata. The Commissioner is an Indian Police Service officer of the rank of Additional Director General of Police.

Primary Census Abstract (PCA)

Brief Note on Primary Census Abstract

Introduction:

The Indian Census has the reputation of being one of the best in the world. The first Census in India was conducted in the year 1872. This was conducted at different points of time in different parts of the country. In 1881 a Census was taken for the entire country simultaneously. Since then, Census has been conducted every ten years, without a break. Thus, the Census of India 2011 was the fifteenth in this unbroken series since 1872, the seventh after independence and the second census of the third millennium and twenty first century. The census has been uninterruptedly continued despite of several adversities like wars, epidemics, natural calamities, political unrest, etc.

The Census of India is conducted under the provisions of the Census Act 1948 and the Census Rules, 1990. In Censuses until 1931, a synchronous de-facto method was adopted wherein the Census was conducted throughout the country on a single night. This being a very costly affair and involved the deployment of very large force at one point of time was given up in 1941. Since then the same methodology has been followed in all the Censuses. It is a gigantic operation and considered to be the single largest, complex, peace time administrative exercise in the world.

The Census Operation in India is carried out in two distinct but inter connected phases - the House listing and Housing Census followed by the Population Enumeration. During the first phase of Census 2011 i.e., House listing and Housing Census, the buildings, census houses and households were identified and systematically listed in the House Listing and Housing Census Schedule during the period April to September, 2010 in different States/Union Territories. Apart from listing of houses, some useful data on the amenities available to the households was also collected for assessing condition of human settlements, housing deficits etc.

Censuses prior to Census 2001 had the system of collecting the information through Individual Slip which was a key schedule for every individual. The information collected through slip was then compiled for a household. Some information was also collected in addition to this for the household. During 2001 Census a comprehensive Household Schedule was adopted replacing the individual slip concept. In 2011 Census also similar household schedule was used for canvassing. The scope of demographic, socio-economic parameters has been widened in every census.

2. Population Enumeration - Census 2011:

The field work of the second phase i.e. Population Enumeration was carried out during February-March, 2011. One of the essential features of Population Enumeration in the second phase was that each person was enumerated and her/his individual particulars were collected at a well-defined point of time.

The Census moment and the reference date for the Census of India 2011 was 00:00 hours of 1st March, 2011. The enumeration was conducted from 9th February to 28th February, 2011 along with a revisional round from 1st March, 2011 to 5th March, 2011 synchronously all over the country except for few specific areas of the

Jammu & Kashmir, Himachal Pradesh and Uttarakhand states that remain snowbound in February. In these locations the population enumeration was done from 11th September, 2010 to 30th September, 2010 along with a revisional round from 1st October, 2010 to 5th October, 2010. The reference date for the census in snow bound non-synchronous areas of these states was 00.00 hours of the first day of October, 2010. In addition to the coverage during House listing & Housing Census, the enumeration of the Houseless population was carried out on the night of 28th February, 2011, as has been the usual practice. For the purpose of Census, certain areas where the access of the civilian enumerators was not permissible due to security reasons termed as 'Special Charges' such as the Defence and strictly Military/Para-Military areas, including operational areas were also covered. Such areas were not covered during the House listing & Housing Census. In addition to the defence/para-military areas, Special Charges also included certain factory areas, certain colonies, sensitive areas, scientific establishments, etc. These also formed Special Charges as these were not accessible by the usual census enumerator.

3. Quality Assurance:

A Task Force for Quality Assurance (TFQA) functioned under the chairmanship of the RG & CCI. Experienced officers of the different divisions of the organization i.e. Heads and senior officers of the Census Division, Data Processing Division, Map Division, Demography Division and Social Studies Division comprised the TFQA. The Directors of Census Operations were co-opted as members whenever the TFQA discussed the data for their States/Union territories. The main objective of constituting the TFQA was to subject the data to stringent validation checks and ensure its quality before release as it was expedient to be satisfied itself about the quality of data before putting the same in public domain.

The Directors and their senior officers were involved at all levels with respect to the quality and the coverage of their states/Uts. The TFQA intensively scrutinized coverage and content parameters including edit and imputation logic. The most important aspect of the data quality was to ensure complete coverage of all geographical areas especially for the population enumeration phase where the data is disseminated right up to the village level in the rural areas and the ward level in the urban areas. Thus ensuring the complete coverage and correct geographical linkage of each enumeration block was one of the major planks of the quality control, especially for small area population statistics. The content was scrutinized mainly through the process of internal consistency, comparison with similar data in the past and also through validation with likewise data if available, from external sources. Quite often the local knowledge and perception was looked at to understand both the existing and the new emerging trends of population distribution and characteristics. A very comprehensive check and edit mechanism was put in place to objectively examine the preliminary Census 2011 Population Enumeration results and finally clear them for use. The population data was cleared only after the full possible satisfaction of the TFQA.

The entire work relating to the data validation and scrutiny was completed by all the States/Union territories under the overall supervision and monitoring of the Census Division of the Office of the Registrar General, India with active cooperation and support of the Social Studies Division, Data Processing Division, Data Dissemination Division and Map Division.

4. Primary Census Abstract:

The Primary Census Abstract which is important publication of 2011 Census gives basic information on Area, Total Number of Households, Total Population, Scheduled Castes, Scheduled Tribes Population, Population in the age group 0-6, Literates, Main Workers and Marginal Workers classified by the four broad industrial categories, namely, (i) Cultivators, (ii) Agricultural Labourers, (iii) Household Industry Workers, and (iv) Other Workers and also Non-Workers. The characteristics of the Total Population include Scheduled Castes, Scheduled Tribes, Institutional and Houseless Population and are presented by sex and rural-urban residence.

In 1981 census main workers were presented into four categories. As regards 1991 Census, the nine-fold industrial classification of main workers has been given in the Primary Census Abstract. One of the important features of the Primary Census Abstract of 1991 Census was the presentation of population of the age group 0-6 which is continued in 2001 and 2011 Census. All the children of age 6 years or less have been treated as illiterate even if the child is going to a school and may have picked up reading and writing. This will help the data users in better analysis and understanding of the literacy data as the literacy rate is calculated with 7 years and above population and it is referred as effective literacy rate. In 2001 and 2011 census four categories of main workers have been given in the Primary Census Abstract.

5. Level of Presentation of PCA data in District Census Handbooks:

The format of Primary Census Abstract (PCA) adopted in the DCHB of 2001 Census has been continued for 2011 Census as the data on four categories of works have been presented similar to 2001 census. The Primary Census Abstract data in different PCAs are presented at different levels. The level of presentation of Primary Census Abstracts in DCHB is as under:

1. District Primary Census Abstract -District/C.D. Block/Town.
2. Primary Census Abstract for Scheduled Castes- District/C.D. Block/Town.
3. Primary Census Abstract for Scheduled Tribes -District/C.D. Block/Town.
4. Village Primary Census Abstract -C.D. Block/Village wise.
5. Urban Primary Census Abstract- Town/Ward level.

The PCA Data for villages was presented C.D. Block wise for the first time in 1991 Census. This practice is continued in 2001 and 2011 Census. The term 'Total Population' includes the Scheduled Castes, the Scheduled Tribes, the Institutional and the Houseless populations. An appendix to District Primary Census Abstract has also been furnished showing urban enumeration block-wise particulars on Total Population, the Scheduled Castes Population and the Scheduled Tribes Population for each town.

6. Area Figures:

The area figures supplied by local revenue authorities of the district in respect of tahsils, Police Stations and by the local bodies in respect of towns are given in square kilometers. The area figures of the villages supplied by the Tahsildars in acres have been converted and shown in hectares. The area figures of the C.D. Block

are the total of the village areas coming under each C.D. Block. The area figures for the district are the same as adopted by the Surveyor General of India to maintain uniformity at the national level.
