FOREWORD

The District Census Handbook (DCHB) is an important publication of the Census Organization since 1951. It contains both Census and non Census data of urban and rural areas for each District. The Census data provide information on demographic and socio-economic characteristics of population at the lowest administrative unit i.e. of each Village and Town and ward of the District. The Primary Census Abstract (PCA) part of this publication contains Census data including data on household amenities collected during 1st.phase of the Census i.e. House Listing and Housing Census. The non Census data presented in the DCHB is in the form of Village Directory and Town Directory contain information on various infrastructure facilities available in the village and town viz; education, medical, drinking water, communication and transport, post and telegraph, electricity, banking, and other miscellaneous facilities. Later on, the Telegraph Services were closed by the Government of India on 15th. July, 2013. The data of DCHB are of considerable importance in the context of planning and development at the grass-root level.

2. In the 1961 Census, DCHB provided a descriptive account of the District, administrative statistics, Census tables and Village and Town Directory including Primary Census Abstract. This pattern was changed in 1971 Census and the DCHB was published in three parts: Part-A related to Village and Town Directory, Part-B to Village and Town PCA and Part-C comprised analytical report, administrative statistics, District Census tables and certain analytical tables based on PCA and amenity data in respect of Villages. The 1981 Census DCHB was published in two parts: Part-A contained Village and Town Directory and Part-B the PCA of Village and Town including the SCs and STs PCA up to Tahsil/Town levels. New features along with restructuring of the formats of Village and Town Directory were added. In Village Directory, all amenities except electricity were brought together and if any amenity was not available in the referent Village, the distance in broad ranges from the nearest place having such an amenity, was given.

3. The pattern of 1981 Census was followed by and large for the DCHB of 1991 Census except the format of PCA. It was restructured. Nine-fold industrial classification of main workers was given against the four-fold industrial classification presented in the 1981 Census. In addition, sex wise population in 0-6 age group was included in the PCA for the first time with a view to enable the data users to compile more realistic literacy rate as all children below 7 years of age had been treated as illiterate at the time of 1991 Census. One of the important innovations in the 1991 Census was the Community Development Block (CD Block) level presentation of Village Directory and PCA data instead of the traditional Tahsil/Taluk/PS level presentation.

4. As regards DCHB of 2001 Census, the scope of Village Directory was improved by including some other amenities like banking, recreational and cultural facilities, newspapers & magazines and 'most important commodity' manufactured in a Village in addition to prescribed facilities of earlier Censuses. In Town Directory, the statement on Slums was modified and its coverage was enlarged by including details on all slums instead of 'notified slums'.

5. The scope and coverage of Village Directory of 2011 DCHB has been widened by including a number of new amenities in addition to those of 2001. These newly

added amenities are: Pre-Primary School, Engineering College, Medical College, Management Institute, Polytechnic, Non-formal Training Centre, Special School for Disabled, Community Health Centre, Veterinary Hospital, Mobile Health Clinic, Medical Practitioner with MBBS Degree, Medical Practitioner with no degree, Traditional Practitioner and faith Healer, Medicine Shop, Community Toilet, Rural Sanitary Mart or Sanitary Hardware Outlet in the Village, Community Bio- gas, Sub Post Office, Village Pin Code, Public Call Office, Mobile Phone Coverage, Internet Cafes/ Common Service Centre, Private Courier Facility, Auto/Modified Autos, Taxis and Vans, Tractors, Cycle-pulled Rickshaws, Carts driven by Animals, Village connected to National Highway, State Highway, Major District Road, and Other District Road, Availability of Water Bounded Macadam Roads in Village, ATM, Self-Help Group, Public Distribution System(PDS) Shop, Mandis/Regular Market, Weekly Haat, Agricultural Marketing Society, Nutritional Centers (ICDS), Anganwadi Centre, ASHA (Accredited Social Health Activist), Sports Field, Public Library, Public Reading Room, Assembly Polling station, Birth & Death Registration Office. In the Town Directory, seven Statements containing the details and the data of each Town have been presented viz.; (i)-Status and Growth History of Towns,(ii)- Physical Aspects and Location of Towns, (iii)-Civic and other Amenities, (iv)-Medical Facilities, (v)-Educational, Recreational & Cultural Facilities, (vi)- Industry & Banking, and (vii)- Civic & other amenities in Slums respectively. CD Block wise data of Village Directory and Village PCA have been presented in DCHB of 2011 Census as presented in earlier Census.

6. The data of DCHB 2011 Census have been presented in two parts, Part-A contains Village and Town Directory and Part-B contains Village and Town wise Primary Census Abstract. Both the Parts have been published in separate volumes in 2011 Census.

7. The Village and Town level amenities data have been collected, compiled and computerized under the supervision of Shri Deepak Ghosh, IAS., Director of Census Operation, West Bengal. The task of Planning, Designing and Co-ordination of this publication was carried out by Dr. Pratibha Kumari, Assistant Registrar General (SS) under the guidance & supervision of Dr. R.C.Sethi, Ex-Addl. RGI and Shri Deepak Rastogi present Addl.RGI. Shri A.P. Singh, Deputy Registrar General, (Map) provided the technical guidance in the preparation of maps. Shri A.K. Arora, Joint Director of Data Processing Division under the overall supervision of Shri M.S.Thapa, Addl. Director (EDP) provided full cooperation in preparation of record structure for digitization and validity checking of Village and Town Directory data and the programme for the generation of Village Directory and Town Directory including various analytical inset tables as well as Primary Census Abstract (PCA). The work of preparation of DCHB, 2011 Census has been monitored in the Social Studies Division. I am thankful to all of them and others who have contributed to bring out this publication in time.

PREFACE

The District Census Hand Book or DCHB is the most popular and widely used publication which is compiled and prepared by the Census Organization. The first ever DCHB was published in the year 1951. Thereafter Census Directorate is coming up with the publication of DCHB in every decadal Census and the present volume of DCHB of 2011 is seventh in the series.

Over the time, the contents of DCHB have been changing keeping in track with the requirement of the data user on different amenities. Since DCHB is a compilation of Census and non-Census data, the presentation is being done in two parts, viz. the Part-A and Part-B separately for each district. Part-A contains Village & Town Directory data with some important tables depicting availability of basic civic amenities such as drinking water facilities, educational facilities, post & telegraph facilities, banking facilities etc. at the C.D. Block/Village and Town level. Part-B on the other hand contains District Primary Census Abstract of Total Population including Scheduled Castes and Scheduled Tribes at the C.D. Block/Village level and for urban units like for Statutory Towns and Census Towns, it is ward level. Part-B contains data for sex wise distribution of population, age group of 0-6 years, literate and illiterate, Scheduled Castes and Scheduled Tribes, worker and non-worker data, economic category i.e. cultivator, agricultural labour, household industry worker and other worker.

Apart from the above, DCHB also furnishes a variety of essential information pertaining to the district like brief history, the information about administrative set-up, location, climate, economic resources, land use, transport, industry, trade and commerce, place of historical, archaeological and tourists importance etc. It also provides brief analysis of Census data, presentation of the data through various tables, graphs and maps has made the publication much more attractive and valuable.

Most sincere and deepest gratitude is expressed to Dr. C. Chandramouli, IAS, Registrar General and Census Commissioner, India for his constant inspiration, support and valuable suggestions. The support and assistance of Dr. R.C. Sethi, former Additional Registrar General and Shri Deepak Rastogi, present Additional Registrar General, worth special mentioning. Our earnest gratitude to them. We are also grateful to Dr. A.P. Singh, former Deputy Registrar General (Map) for providing the technical guidance in the preparation of maps and to Dr. Pratibha Kumari, Assistant Registrar General (SS) for her overall supervision. Shri A.K. Arora, Joint Director of Data Processing Division under the overall supervision of Shri M.S. Thapa, Additional Director

(EDP) provided full co-operation in preparation of record structure for digitization and validity checking of Village and Town Directory data and the programme for the generation of Village Directory and Town Directory including various analytical inset tables as well as Primary Census Abstract (PCA). Heartfelt thanks to all the Officers of the Office of the Registrar General, India who contributed their share in befitting manner.

The sincere contributions made by the District Magistrates of all districts, Municipal Commissioners of Kolkata and Haora Municipal Corporations, District Census Officers, Additional District Census Officers (Officer In-charge, Census) and innumerable Village, C.D. Block and Town level officials of all the districts of West Bengal for arranging collection of village and town directory data by the local officials from the villages/towns under their respective jurisdiction are hereby acknowledged with thankfulness.

At this Directorate level, sincere thanks are due to all those who put utmost sincerity and zeal towards the successful completion of this publication within the stipulated time. As it is not feasible to express recognitions individually, a separate page of acknowledgement is included in this publication.

HISTORY AND SCOPE OF THE DISTRICT CENSUS HANDBOOK

The need of data at the grass root level for the administrative and planning purposes at sub micro level as well as academic studies prompted the innovation of District Census Handbook. District Census Handbook is a unique publication from the Census organization which provides most authentic details of census and non-census information from village and town level to district level. The District Census Handbook was firstly introduced during the 1951 Census. It contains both census and non census data of urban as well as rural areas for each district. The census data contain several demographic and socio-economic characteristics of the lowest administrative unit i.e. of each village and town and ward of the district. The non census data comprise of data on availability of various civic amenities and infrastructural facilities etc. at the town and village level which constitute Village Directory and Town Directory part of the DCHB. The data of DCHB are of considerable importance in the context of planning and development at grass-root level.

In 1961 census DCHB provided a descriptive account of the district, administrative statistics, census tables and village and town directory including Primary Census Abstract. This pattern was changed in 1971 Census and the DCHB was published in three parts: Part-A related to village and town directory, Part-B to village and town PCA and Part-C comprised analytical report, administrative statistics, district census tables and certain analytical tables based on PCA and amenity data in respect of villages. The 1981 census DCHB was published in two parts: Part-A contained village and town directory and Part-B the PCA of village and town including the SCs and STs PCA up to tahsil/town levels. New features along with restructuring of the formats of village and town directory were added into it. In Village Directory, all amenities except electricity were brought together and if any amenity was not available in the referent village, the distance in broad ranges from the nearest place having such an amenity, was given.

The pattern of 1981 census was followed by and large for the DCHB of 1991 Census except the format of PCA. It was restructured. Nine-fold industrial classification of main workers was given against the four-fold industrial classification presented in the 1981 census. In addition, sex wise population in 0-6 age group was included in the PCA for the first time with a view to enable the data users to compile more realistic literacy rate as all children below 7 years of age had been treated as illiterate at the time of 1991 census. One of the important innovations in the 1991 census was the Community Development Block (CD Block) level presentation of village directory and PCA data instead of the traditional tahsil/taluk/PS level presentation.

As regards DCHB of 2001 Census, the scope of Village Directory was improved by including some other amenities like banking, recreational and cultural facilities, newspapers & magazines and 'most important commodity' manufactured in a village in addition to prescribed facilities of earlier censuses. In Town Directory, the statement on Slums was modified and its coverage was enlarged by including details on all slums instead of 'notified slums'.

The scope and coverage of Village Directory of 2011 DCHB has been widened by including a number of new amenities in addition to those of 2001. In the Town Directory, seven Statements containing the details and the data of each town have been presented viz.; (i)-Status and Growth History of towns,(ii)- Physical Aspects and Location of Towns, (iii)-Civic and other Amenities, (iv)-Medical Facilities, (v)-Educational, Recreational & Cultural Facilities, (vi)- Industry & Banking, and (vii)- Civic & other amenities in Slums respectively. CD Block wise data of Village Directory and Village PCA have been presented in DCHB of 2011 census as presented in earlier census. The data of DCHB 2011 Census have been presented in two parts, Part-A contains Village and Town Directory and Part-B contains Village and Town wise Primary Census Abstract. Both the Parts have been published in separate volumes in 2011 Census.

Brief history of the district

Maldah district (Pron: 'maldə or 'mældə) (also spelled as Malda or Maldaha) lies 347 km. (215 miles) north of Kolkata, the State Capital. Mango, jute and silk are the most notable products of this district. The special variety of mango produced in this region, popularly known by the name of the district, is exported across the world and is acclaimed internationally. The folk culture of *Gombhira* is a feature of the district, being a unique way of representation of joy and sorrow of daily life of the common people, as well as the unique medium of presentation on national and international matters. District headquarters is English Bazar, also known as Maldah, was once the capital of Bengal.

The mention of Maldah was first found in the book of AbulFazal "A-in-i-Akbari". It is worth mentioning that AbulFazal was the court poet of the great Mughal Emperor Akbar. No specific history is found about the naming of the district. However it is assumed that the district has got its naming by the combination of two separate words i.e. "Mal" and "Daha". In Sanskrit the word "Mal" mean *ghang* or "the elevated land" where as the word "Daha" in the regional dialect denote "a part or portion of it". The later has been suffixed and finally the term becomes Maldah or Malda. There is another view that the district's name is derived from the Arabic word 'Mal' which means wealth, so 'Malda' in Arabic indicates a place where financial transactions are performed and where wealth is concentrated in the hands of large number of persons.

The history of the district can be broadly be divided into four parts i.e. Pre-Gour Era, Gour Era, Post-Gour Era and Modern Maldah.

Pre-GourEra : In the book of ancient Indian scholar Pāṇini, the mention of a city named Gourpura is found. From the ruins found at Gour in Maldah, there is a strong belief that modern Gour was known as Gourpura in those times. The city of Gour was extended to Pundrabardhana (modern Pandua). During the ancient and medieval ages, these two cities had been the Capital of Bengal. Present capital of the district, English Bazar (once known as Engelzavad established by the British rulers) is at the centre of these two towns and are of almost equal distance north and south.

Being an ancient city, the boundary of Gour changed in different ages since the 5th century. From the Puranic texts it is found that Pundranagara was the provincial capital of the Maurya Empire. Gour and Pundravardhana formed parts of the MouryaEmpire as is evidenced from the inscriptions, Brahmi script on a seal discovered from the ruins of Mahasthangarh in the Bogradistrict of Bangladesh. Hiuen Tsang wrote

that he have seen many Ashokan *stupas* at Pundravardhana. From the inscriptions discovered all over North Bengal as well as the inscriptions found on the Allahabad pillar of Samudragupta, it is clear that the whole of North Bengal as far east as Kamrup was a part of Gupta Empire. After the Gupta dynasty, in the beginning of the 7th century AD, the King of Karnasubarna as well as Gauda, Sasanka ruled independently for more than three decades. From the middle of the 8th century to the end of the 11th century the Pala dynasty ruled Bengal, the kings were devoted to Buddhism. It was during their reign that the JagadallaVihara (monastery) in Barindri flourished paralleling with Nalanda, Vikramshila and Devikot.

GourEra :After the Pala Empire, the Sen Dynasty started and they ruled over Bengal till 1204 AD. At the time of Lakshman Sen,Goud was known as Lakshmanabati. The Sen kings ruled Bengal till BakhtiyarKhalji conquered Bengal in 1204 AD.

Afterwards Muslim rule started in Bengal. The name Mal Daha was coined (Mal = riches, Daha = lake). Noted rulers like Sultan Ilyas Shah, Firuz Shah, Sikandar Shah, Raja Ganesha, Alauddin Hussain Shah and NasiruddinNasrat Shah ruled during the medieval ages. Later Afghan warrior Sher Shah Suri tried to invade Gour but was driven back by Mughal Emperor Humayun. It is said that the Emperor, from his love of mango, renamed Gour as Jannatabad or the garden of heaven. Firuz Shah Tughlaq, Ghiyasuddin and Mughal army invaded Gour to suppress rebellion several time. Relics of Muslim structures are still present as FiruzMinar, Adina Mosque (the largest mosque of South Asia then), Outwali Gate etc. During the Mughal rule, the capital was removed to Dhaka due to a course change of the river Ganges. Muslim rule ended in 1757. Koch army invasion increased during the downfall of Gour.

Post-GourEra : After the war of Palasy, the British rule started in Bengal from 1757, not directly but under the mask of British East India Company. Some indigo plant chambers, trade centres and offices were established. In the year 1813, Maldah district was formed out of some portion of outlying areas of Purnia, Dinajpur and Rajshahi districts. Before 1813, the present *thanas* (police stations) of Gazole, Maldah, Bamongola and part of Habibpur were in the district of Dinajpur. The *thanas* of Harischandrapur, Kharba, Ratua, Manikchak and Kaliachak were in the district of Purnia. To prevent serious crimes in the *thana* areas of Kaliachak and Sahebganj and also on the rivers, a Joint Magistrate and Deputy Collector was appointed at English Bazar, with jurisdiction over a number of police stations centring that place and taken from the two districts. Thus the district of Maldah was born. In the year 1832, a separate treasury was established followed by posting of a full-fledged Magistrate and Collector in the year 1859. Up to the year 1876, Maldah was a part of Rajshahi Division and then it was

included in the Bhagalpur Division. In 1905, it was again transferred to Rajshahi Division and remained there till 1947.

District Maldah was first affected during the first partition of Bengal in 1905 when it was attached with the newly created province of Eastern Bengal and Assam. Again in August 1947 this district was affected by partition. Between 12–15 August 1947, the fate of the district as to which side it should go, to Pakistan or to India, was undecided because the announcement of the partition award of Sir Radcliffe did not make this point clear. During these few days the district was under a Magistrate of East Pakistan. When the details of the Radcliffe Award were published, the district came over to West Bengal on 17th August 1947. However, the Sub-division of Nawabganj was severed from Maldah and was given to East Pakistan as a Sub-division of the Rajshahi district, East Pakistan (present Bangladesh).

Modern Maldah : After independence Maldah, along with other parts of North Bengal, didn't flourish much in terms of development. Later Shri A.B.A. Ghani Khan Chowdhury, who by his various capacities being minister of different portfolios from state to national ministries of India, took initiative to develop Maldah. Modern Maldah, as we see today, owes to him and is correctly referred as the 'Father of Modern Maldah'. For 28 years, West Bengal was ruled by the opponents of Khan Chowdhury, who succeeded to establish a unique relation with him and the district witnessed the fruit of this coalition in industrial sector. Sukhjeet Starch Ltd, East End Silk Ltd. and lots of other enterprises have increased. East India Agro at RishipurAnchal, deals with mango pulp and Raw jute. There is also a GO-NGO partnership on the card, especially artisan-based business cluster development and SME establishment is within the mission. Maldah has good potential in Agro Products like mango, jute and silk.

Administrative set up

(i) Region of the state where district is located :

Maldah is the southernmost of the North Bengal districts and is included under the Jalpaiguri Division.

(ii) Total number of CD Blocks or the next Administrative units after district and changes therein including jurisdictional changes during 2001-2011 :

The district has a two Sub-division namely MaldahSadar and Chanchal. There are eight Police Stations (P.S.) in Malda Sadar Sub-division namely (1) Gazole, (2) Bamangola, (3) Habibpur, (4) Malda, (5) English Bazar, (6) Manikchak, (7) Kaliachak and (8) Baishnabnagar. Chanchal Sub-division has got 3 P.S. namely (1) Harishchandrapur, (2) Chanchal and (3) Ratua.

Maldah district has a total of fifteen Community Development Blocks (CD Blocks). There are nine CD Blocks in MaldahSadar Sub-division namely (1) Gazole, (2) Bamangola, (3) Habibpur, (4) Old Malda, (5) English Bazar, (6) Manikchak, (7) Kaliachak-I, (8) Kaliachak-II and (9) Kaliachak-III. Both the Municipalities (M) of the district i.e. Old Malda (M) and English Bazar (M) are also situated in this CD block. On the other hand Chanchal Sub-division has got six CD Blocks viz. (1) Harishchandrapur-I, (2) Harishchandrapur-II, (3) Chanchal-I, (4) Chanchal-II, (5) Ratua-I and (6) Ratua-II.

(iii) Total number of Towns/Villages etc. :

As mentioned earlier, there are two municipalities in the district namely Old Maldah (M) and English Bazar (M). There are a total of twenty seven Census Towns (CT) in the district. They are (1) Chanchal, (2) Bandhail, (3) Rangabhita, (4) Baksinagar, (5) KachuPukur, (6) Kendua, (7) Aiho, (8) Jhangra, (9) Chhatianmor, (10) Sahapur, (11) Milka, (12) Sonatala, (13) Bagbari, (14) ChhotaSuzapur, (15) Nazirpur, (16) Bara Suzapur, (17) Chaspara, (18) Jalalpur, (19) Bamangram, (20) Jadupur, (21) Silampur, (22) Baliadanga, (23) Alipur, (24) Karari Chandpur, (25) Birodhi, (26) Jagannathpur and (27) Krishnapur.

In Maldah, there are 15 Panchayat Samities, 146 Gram Panchayats and 1,641 inhabited villages.

(iv) If the district is newly created, the area from which it has been carved out :

It is not a newly created district.

(v) Urban Local Bodies :

The history of urban local bodies dates back in India to Indus Valley Civilisation. In modern India it originated during British rule when in 1687 the first Municipal Corporation was set up at Madras under a charter granted by James II. There are different types of municipal bodies, namely, Municipal Corporations, Municipalities, Notified Area Committees, Cantonment Boards etc. Except the Cantonment Boards all other types are created under State municipal laws. Cantonment Boards owe their origin to a Central Act called the Cantonment Act, 1924. A Municipality is a body politic and legal entity, constituted by a Statutory Act. Municipal Corporations constitute the highest or topmost form of urban local governments and are created for big cities by the enactment of state legislatures or of Parliament in case of Union Territories. A Notified Area Committee is created for an area which does not fulfil all the conditions laid down as necessary for the constitution of a Municipality or it may also be created for newly developing towns or areas. The councils of all these corporate bodies except Notified Area comprise of elected, opted and associate members. The Notified Area is governed by the state governments through a body nominated by it. The primary object of every urban local body is to provide civic amenities to the people and the overall development of the town.

As already stated, there are two Municipalities in the district namely Old Maldah (M) and English Bazar (M). There are a total of twenty seven Census Towns (CT), 15 Panchayat Samities, 146 Panchayats and 1,641 inhabited villages.

Civil Administration :

The Civil Administration of the district consists of District Magistrate as the Principal Executive with 2 Sub-divisional heads and under them there are Block level officers under each CD Block. Under Police Administration, Superintendent of Police is the Head of the District and under him there are 2 sub-divisional Police Officers with Inspector-in-Charges/Officer-in-Charges in each Police Station. At the District Headquarters, District Judge is the head of the Judiciary and Sub-divisional Judicial Magistrate is sitting in the court at the Sub-divisional level.

Demography : According to the 2011 Census the district has a population of 3,997,970 which is roughly equal to the nation of Liberia or the US state of Oregon. This gives it a ranking of 58th in India (out of a total of 640). The district has a population density of 1,071 inhabitants per sq. km. (2,770 per sq. mile). Its population growth rate over the decade 2001-2011 was 21.5%. Maldah has a sex ratio of 939 females for every 1000 males and a literacy rate of 62.71%.

District Highlights - 2011 Census

- The southernmost District of North Bengal is Maldah. There are in all 15 C.D. Blocks in the District. These 15 C.D. Blocks contain total 1771 Villages of the District.
- Total no. of urban units in Maldah District is 29, out of which 2 are Municipalities or Statutory Towns and rest urban units (27) are Census Towns.
- Maldah District occupies 11th position in terms of Population and it ranks 6th in terms of Child (0-6 year's) Population in the State.
- For Scheduled Caste Population, Maldah District occupies 12th position in the State.
- Maldah District occupies 7th position in terms of Scheduled Tribe Population in the State.
- The percentage of urban share of Population of Maldah District has expanded from 7.3% (2001 Census) to 13.6% (2011 Census) of Total Population of respective Census.
- This District has the 2nd highest decadal Population growth rate in the State with a figure of 21.2% and much higher than the State average (13.8%).
- The density of Population (Population per square km) of the District is 1,069 per square km which makes its rank 9th in the State.
- The Sex Ratio of the District is 944 (No. of females per 1000 males) which is lower than the State's Sex Ratio (950) and it ranks 11th in the State and retains same rank (11th) when only Rural Sex Ratio (949) is considered. In case of Scheduled Caste Population it ranks 16th (931). For Scheduled Tribe Population the Sex Ratio is 993 and it ranks 8th in the State.
- In case of proportion of Child Population (0-6 years), Maldah District ranks 2nd in the State (15.3%) and just behind the Uttar Dinajpur District (16.1%).
- Maldah District has experienced a sharp decline in Child Sex Ratio (CSR) from 964 in 2001 Census to 950 in 2011 Census. Although the State average has also declined from 960 in 2001 Census to 956 in 2011 Census, Maldah District with the decline of 14 points, has recorded second largest fall in the State along with District Jalpaiguri, just after Koch Bihar (a decline of 16 points). It is noted that for urban areas in this District the CSR has nose-dived from 943 in 2001 Census to 882 in 2011 Census (A fall of 61 points).
- Literacy rate of the District is 61.7% (much lower than the State average of 76.3%) thereby making its rank 18th in the State.
- The Work Participation Rate has declined from 40.7% (in 2001 Census) to 38.6% (in 2011 Census) and in this case it ranks 9th in the State.
- Maldah District is following a decreasing trend in percentage of Main Workers to Total Workers from 72.1 in 2001 Census to 68.3 in 2011 Census similar to trend in the State where the percentage 78.1 in 2001 Census dips into 73.9 in 2011 Census.
- There are 40 (Forty) Villages having Population 10,000 and above.
- Baniabati (Ratua-IC.D. Block) and Kishanpur (English Bazar C.D. Block) are two least populated Villages in the District with Population 1 each.
- Sultanganj (P) (Kaliachak-IIIC.D. Block) is the most populated (Population 28,723) Village in the District.
- Gazole C.D. Block has the highest number of Villages (291) and Ratua-IIC.D. Block has the lowest number of Villages (51) in the District.
- Maldah District stands 12th in terms of area (3733.00 sq km) in the State.
- Cultivators and Agricultural Labourers constitute the major work force of the District. They are 16.6% and 35.5% of the Total Workers respectively.
- There are 158 uninhabited Villages in the District.

Section - I

Primary Census Abstract (PCA)

Brief Note on Primary Census Abstract

Introduction:

The Indian Census has the reputation of being one of the best in the world. The first Census in India was conducted in the year 1872. This was conducted at different points of time in different parts of the country. In 1881 a Census was taken for the entire country simultaneously. Since then, Census has been conducted every ten years, without a break. Thus, the Census of India 2011 was the fifteenth in this unbroken series since 1872, the seventh after independence and the second census of the third millennium and twenty first century. The census has been uninterruptedly continued despite of several adversities like wars, epidemics, natural calamities, political unrest, etc.

The Census of India is conducted under the provisions of the Census Act 1948 and the Census Rules, 1990. In Censuses until 1931, a synchronous de-facto method was adopted wherein the Census was conducted throughout the country on a single night. This being a very costly affair and involved the deployment of very large force at one point of time was given up in 1941. Since then the same methodology has been followed in all the Censuses. It is a gigantic operation and considered to be the single largest, complex, peace time administrative exercise in the world.

The Census Operation in India is carried out in two distinct but inter connected phases - the House listing and Housing Census followed by the Population Enumeration. During the first phase of Census 2011 i.e., House listing and Housing Census, the buildings, census houses and households were identified and systematically listed in the House Listing and Housing Census Schedule during the period April to September, 2010 in different States/Union Territories. Apart from listing of houses, some useful data on the amenities available to the households was also collected for assessing condition of human settlements, housing deficits etc.

Censuses prior to Census 2001 had the system of collecting the information through Individual Slip which was a key schedule for every individual. The information collected through slip was then compiled for a household. Some information was also collected in addition to this for the household. During 2001 Census a comprehensive Household Schedule was adopted replacing the individual slip concept. In 2011 Census also similar household schedule was used for canvassing. The scope of demographic, socio-economic parameters has been widened in every census.

2. Population Enumeration - Census 2011:

The field work of the second phase i.e. Population Enumeration was carried out during February-March, 2011. One of the essential features of Population Enumeration in the second phase was that each person was enumerated and her/his individual particulars were collected at a well-defined point of time.

The Census moment and the reference date for the Census of India 2011 was 00:00 hours of 1st March, 2011. The enumeration was conducted from 9th February to 28th February, 2011 along with a revisional round from 1st March, 2011 to 5th March, 2011 synchronously all over the country except for few specific areas of the Jammu & Kashmir, Himachal Pradesh and Uttarakhand states that remain snowbound in February. In these locations the population enumeration was done from 11th September, 2010 to 30th September, 2010 along with a revisional round from 1st October, 2010 to 5th October, 2010. The reference date for the census in snow bound non-synchronous areas of these states was 00.00 hours of the first day of October, 2010. In addition to the coverage during House listing & Housing Census, the enumeration of the Houseless population was carried out on the night of 28th February, 2011, as has been the usual practice. For the purpose of Census, certain areas where the access of the civilian enumerators was not permissible due to security reasons termed as 'Special Charges' such as the Defence and strictly Military/Para-Military areas, including operational areas were also covered. Such areas were not covered during the House listing & Housing Census. In addition to the defence/para-military areas, Special Charges also included certain factory areas, certain colonies, sensitive areas, scientific establishments, etc. These also formed Special Charges as these were not accessible by the usual census enumerator.

3. Quality Assurance:

A Task Force for Quality Assurance (TFQA) functioned under the chairmanship of the RG & CCI. Experienced officers of the different divisions of the organization i.e. Heads and senior officers of the Census Division, Data Processing Division, Map Division, Demography Division and Social Studies Division comprised the TFQA. The Directors of Census Operations were co-opted as members whenever the TFQA discussed the data for their States/Union territories. The main objective of constituting the TFQA was to subject the data to stringent validation checks and ensure its quality before release as it was expedient to be satisfied itself about the quality of data before putting the same in public domain.

The Directors and their senior officers were involved at all levels with respect to the quality and the coverage of their states/Uts. The TFQA intensively scrutinized coverage and content parameters including edit and imputation logic. The most important aspect of the data quality was to ensure complete coverage of all geographical areas especially for the population enumeration phase where the data is disseminated right up to the village level in the rural areas and the ward level in the urban areas. Thus ensuring the complete coverage and correct geographical linkage of each enumeration block was one of the major planks of the quality control, especially for small area population statistics. The content was scrutinized mainly through the process of internal consistency, comparison with similar data in the past and also through validation with likewise data if available, from external sources. Quite often the local knowledge and perception was looked at to understand both the existing and the new emerging trends of

population distribution and characteristics. A very comprehensive check and edit mechanism was put in place to objectively examine the preliminary Census 2011 Population Enumeration results and finally clear them for use. The population data was cleared only after the full possible satisfaction of the TFQA.

The entire work relating to the data validation and scrutiny was completed by all the States/Union territories under the overall supervision and monitoring of the Census Division of the Office of the Registrar General, India with active cooperation and support of the Social Studies Division, Data Processing Division, Data Dissemination Division and Map Division.

4. Primary Census Abstract:

The Primary Census Abstract which is important publication of 2011 Census gives basic information on Area, Total Number of Households, Total Population, Scheduled Castes, Scheduled Tribes Population, Population in the age group 0-6, Literates, Main Workers and Marginal Workers classified by the four broad industrial categories, namely, (i) Cultivators, (ii) Agricultural Labourers, (iii) Household Industry Workers, and (iv) Other Workers and also Non-Workers. The characteristics of the Total Population include Scheduled Castes, Scheduled Tribes, Institutional and Houseless Population and are presented by sex and rural-urban residence.

In 1981 census main workers were presented into four categories. As regards 1991 Census, the nine-fold industrial classification of main workers has been given in the Primary Census Abstract. One of the important features of the Primary Census Abstract of 1991 Census was the presentation of population of the age group 0-6 which is continued in 2001 and 2011 Census. All the children of age 6 years or less have been treated as illiterate even if the child is going to a school and may have picked up reading and writing. This will help the data users in better analysis and understanding of the literacy data as the literacy rate is calculated with 7 years and above population and it is referred as effective literacy rate. In 2001 and 2011 census four categories of main workers have been given in the Primary Census Abstract.

5. Level of Presentation of PCA data in District Census Handbooks:

The format of Primary Census Abstract (PCA) adopted in the DCHB of 2001 Census has been continued for 2011 Census as the data on four categories of works have been presented similar to 2001 census. The Primary Census Abstract data in different PCAs are presented at different levels. The level of presentation of Primary Census Abstracts in DCHB is as under:

1. District Primary Census Abstract -District/C.D. Block/Town.
2. Primary Census Abstract for Scheduled Castes- District/C.D. Block/Town.
3. Primary Census Abstract for Scheduled Tribes -District/C.D. Block/Town.
4. Village Primary Census Abstract -C.D. Block/Village wise.
5. Urban Primary Census Abstract- Town/Ward level.

The PCA Data for villages was presented C.D. Block wise for the first time in 1991 Census. This practice is continued in 2001 and 2011 Census. The term 'Total Population' includes the Scheduled Castes, the Scheduled Tribes, the Institutional and the Houseless populations. An appendix to District Primary Census Abstract has also been furnished showing urban enumeration block-wise particulars on Total Population, the Scheduled Castes Population and the Scheduled Tribes Population for each town.

6. Area Figures:

The area figures supplied by local revenue authorities of the district in respect of tahsils, Police Stations and by the local bodies in respect of towns are given in square kilometers. The area figures of the villages supplied by the Tahsildars in acres have been converted and shown in hectares. The area figures of the C.D. Block are the total of the village areas coming under each C.D. Block. The area figures for the district are the same as adopted by the Surveyor General of India to maintain uniformity at the national level.

District Primary Census Abstract
